Our Services include: (a) making available our website *sablier.com* (**Website**) and documentation accessible at *docs.sablier.com* ("**Documentation**") for information purposes; (b) making available certain web-based applications via *app.sablier.com* along with other apps we might make available from time to time which refer to these terms (together, the "**Apps**").

By accessing or using any of our Services you confirm your acceptance of these terms (the "**Agreement**") and that you have read and understand our Risk Notice. If you do not accept these terms, you may not access or use our Services.

Our Apps may provide access to a decentralized multichain protocol (the "**Protocol**") deployed on various EVM (Ethereum Virtual Machine) blockchains. Further information about the Protocol and relevant blockchains may be available from time to time at <https://docs.sablier.com/contracts/v2/deployments>. The Protocol is designed to help users stream cryptoassets. The Apps may allow you to access the Protocol, but they are not the exclusive means of doing so.

We do not provide or control the Protocol, which is run by smart contracts deployed on relevant blockchains. We are not responsible for the operation of the Protocol, or the execution of transactions submitted to or via the Protocol. You should note that, just as you can access email protocols such as SMTP through multiple email clients, you can access the Protocol through dozens of web or mobile interfaces.

We may modify our Services and these terms from time to time. All changes to these terms, once published on this page, are effective when you next access or use any of the Services, so please be sure to revisit them. If you do not agree with any changes you must immediately stop accessing or using the Services.

You further acknowledge and understand that the markets for these cryptoassets are highly volatile and influenced by a variety of circumstances and factors including (without limitation) in relation to adoption, speculation, technology, security, and regulation. You acknowledge and accept that the reliability, cost, and speed of transacting with cryptographic and blockchain-based systems such as the Protocol, Ethereum (and other EVM blockchains) are variable and may vary dramatically at any time. You further acknowledge and accept the risk that your cryptoassets may lose some or all value while they are being streamed via the Protocol. You understand that anyone can create a token, including fake versions of existing tokens and tokens that falsely claim to represent projects, and acknowledge and accept the risk that you may mistakenly interact with those tokens. You further acknowledge that we are not responsible for any of these variables or risks, do not own or control the Protocol, and cannot be held liable for any resulting losses that you experience while accessing or using the Services. If you are a California resident, you waive the benefits and protections of California Civil Code § 1542, which provides: "[a] general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favour at the time of executing the release and that, if known by him or her, would have materially affected his or her settlement with the debtor or released party."

15. Indemnity

You agree to hold harmless, release, defend, and indemnify us and our officers, directors, employees, contractors, agents, affiliates, and subsidiaries from and against all claims, damages, obligations, losses, liabilities, costs, and expenses arising from: (a) your access and use of the Services; (b) your violation of any term or condition of this Agreement, the right of any third party, or any applicable law, rule, or regulation; and (c) any other party's access and use of the Services with your assistance or using any device or account that you own or control.

We do not exclude or limit in any way our liability to you where it would be unlawful to do so. This includes liability for death or personal injury caused by our negligence or the negligence of our employees, agents, or subcontractors and for fraud or fraudulent misrepresentation. Subject to the foregoing and applicable law:

- (a) we exclude all implied conditions, warranties, representations, or other terms that may apply to our Services or your use thereof.
